

## **CST Hires Margot Jordan as Executive Vice President, Business Development and Strategy**

TORONTO, July 2, 2015 – CST Investor Services Inc. (CST) announced today that Margot Jordan has joined the company as Executive Vice President, Business Development and Strategy. She will develop and execute a comprehensive sales strategy across all business lines, including transfer agency services, corporate actions services, corporate trust solutions, ownership intelligence analysis, proxy solicitation advisory services and employee plans solutions.

“I am very pleased to welcome Margot to the CST sales team,” said Rachel Posner, Chief Marketing Officer of CST. “Margot has a proven track record for building dynamic teams that result in profitable growth and client satisfaction. Her strong change management and negotiation skills will be valuable to both our associates and our client base.”

“I’m delighted to be part of this innovative organization that continues to raise the bar, transform the industry and serve shareholder and issuer needs around the globe,” commented Jordan.

With more than 15 years in senior roles in the financial industry, Margot brings significant industry insight to the organization. Her expertise and passion for delivering a quality customer experience will be a tremendous asset to the CST team. Margot previously served as Senior Vice President, Investor Services at Computershare. She will join CST’s sales force in Canada.

### **About CST**

Headquartered in Canada, with offices in Toronto, Montreal, Calgary and Vancouver, CST Trust Company (CST) provides issuers global solutions through local access points. CST and its affiliate, American Stock Transfer & Trust Company, LLC (AST), provide comprehensive stock transfer and employee plan services to more than 8,000 public issues and over five million shareholders. Together, CST and AST serve clients located throughout North America that range in size from initial public offerings to Fortune 100 companies. The organization provides fully integrated services to financial market participants around the globe.
